Public Comments: None

Mr. Lozano said that this is the same plan as we have presented before. He said that this Reappraisal Plan has passed the MAP review. The normal process is to focus on the five school districts, but a revision was made to pick up new construction, demolition, omitted property beside our normal appraising areas. On page 8 is our Analysis of Available Resources. Mrs. Ehmann asked "how does is this differ from what we normally do?" Mr. Lozano stated this is just an outline of what we do. The Board discussed the difference between the two to three year plans.

With no further questions the public hearing was adjourned at 9:17 a.m.
